

Still it's hard to understand
The things You see in me

Did you ever see the wind

Once in my life
I'd like to really understand
The things you see in me
But I think it's impossible

Once in my life
I'd like to walk the other side
And see the things you see
But they say it's impossible

All This Time

Words and Music by VJ Manzo

All this time I struggled and tried
so hard
Knowing you were near but never
knowing how near

As my heart broke you put it back
I didn't see you standing there
As I cried on a shoulder
I never bothered to look at whose
it was

And all this time
I tried to find the way to go on my
own
And all this time
You waited right beside me but I
didn't know

All this time I spent such time
alone it makes me stop
Only to find that you had never
gone

As my heart tore my bridge was
burned
My castle walls had fallen down
Only now do I see the face of him
The one who took me in

And all this time

I trusted you but never saw what
you do
And all this time
I never looked for the face of the
one who picked me up

And all this time
I wish I'd seen you when I thought
I was alone
And all this time
Your actions spoke in a world with
no light for my show

Beyond a Dream

Words and Music by VJ Manzo

Let's go for a dream
Maybe we can just lose ourselves
again
Is the world as it seems
Maybe one day we'll find ourselves
again

We can live where our hearts will
take us
We can dream of a day we hope to
see
Will you take us away to some-
where
Let's live on the dream we hope to
see

Will you show me a bright tomor-
row
Maybe something ahead that I
can't see
Maybe something to heal my sor-
row
We can live in a world beyond a
dream

Let's go for a smile
And save what was lost forever
Someday when we fly
Maybe then we can find ourselves
again

We can walk in a world of wonder

We can dance on the seas of
standing time
We can stare in the stars of heav-
en
We can dream of a day when we
can fly

You can fix all the things I've bro-
ken
You can mend all the time that's
broken me
Maybe just with the words you've
spoken
We can live in a world beyond a
dream

Before Heaven

Words & Music VJ Manzo

I lift my hands before the
Heavens
I lift my face before the sky
I lift my voice before the
Heavens
I lift my world before the sky

Be my Hope
Be my guide
Be the calm within my world
In my eyes
In my life
Be the calm within my world

Still In Love With You

Words & Music VJ Manzo

I Go through the day
Just to get home
When I'm alone with you my
love

Time's had its day
But I'm still in love
I'm still in love with you my
Lord

People may go
We don't need anyone I'm still
in love with you
You'll never go
I'm still in love with you
I'm still in love with you

Captured my heart
And make me smile
I'm still in love with you my
Lord

Though it was dark
You never left
I'm still in love with you my
Lord

I'm still in love with you my
friend

One42Words by JP Sosa, Rachel Paul,
and Cheryl Botelho & Music by
JP Sosa

We cry out to you oh Lord
You are our comfort
You are our strength when we
are weak
We cry your name

Jesus Jesus
Jesus you're all I need

We cry Holy is your name
You are worthy
We raise our voice to sing your
praise
We lift our hands

Known

Words & Music VJ Manzo

Trouble it surrounds me
Panic as it drowns me
Sinking with these questions
Fading it consumes me

I'm not faking please be near
me
My heart's breaking can you
hear me

Lord you're all I've ever known
You've seen tomorrow you can
get me there
You're the only one I've got
I wouldn't have it any other
way

Help me as I lie here
Save me if I die here
Keep me should I wander
Help me as I cry here

Only you have all my answers
All these questions please come
faster

Lord you've always been my
help
I'd feel much better if you'd
hold my hand

I know somehow we'll get out
It's not important that I under-
stand

Hear My VoiceWords by JP Sosa, Rachel Paul,
and Cheryl Botelho & Music by
JP Sosa

Hear my voice Oh God in my
prayer
Preserve my life from fear
Hide me from the plans of the
enemy

And so I'll pray to you
Until you come and show me
the way
Will you answer me
And cover me with your love

I will forever rejoice in you
Find shelter in the one I trust
Knowing I'll find you
When I seek your face

Cover Me

Words and Music by JP Sosa

I feel like I turned around and
left you with the pain
But you didn't say a word
My Lord you're not to blame

You cover me you cover me
You see in me what I don't see
You work in me so I can work
in you 'cause your spirit lives in
me

I know I can say the words
just like if you were there
'Cause I know you're in my
heart
There's nothing I should fear

I remember oh God and I
groan my spirit asks for you

My Name

Words and Music by VJ Manzo

And thinking back we've come
so far now
My past is far behind me hid-
den by the times you've saved
me
And I remember where I was
then
I wasn't looking for you bored
by all my complications

You didn't turn away the way I
turned on you
I don't need a reason
I don't need a reason
No one here was anything
'Til you held out your hand and
called my name

And now is see that it was you
You looked for me when I just
wanted to be left alone and
If I could only turn their eyes
The world could see that there
is more to life than complica-
tions

They don't understand
They don't speak the language
They could never feel the way I
do about you

Watch Me

Words and Music by VJ Manzo

Watch me 'til the night passes
by and away
Then all the world can say what
they want to
Watch me as the tears in my
heart fill my eyes
And please don't pass me by

won't you watch me

Watch me as the light of the
moon fills the sky
And all those passing by in
their silence
Watch me while I dream of the
stars in your eye
I dream that I could fly won't
you watch

Watch me now as the night
rolls by
Darkness pass 'til the light of
morning

Watch me as I cry for the
things gone wrong
When all the tears are done
watch me as I dream
When all the world is gone
watch me as I dream
If nothing else is done watch
me as I dream

Once In My Life

Words and Music by VJ Manzo

Once in my life
I'd like to see a miracle
I'd like to see the wind
But they say it's impossible

Once in my life
I'd like to see the evidence
Of what You see in me
But I think it's impossible unbe-
lievable

Everywhere is the wind
But it's impossible to see
