Information Technology Program To Host Seminar in Interactive Music Technology

NEWARK, Oct 21 2010

V.J. Manzo, director of Music Technology at Montclair State University's John J. Cali School of Music, will discuss "Interactive Technology for Music Composition and Performance" on Nov. 3, 4-5 p.m. in the Guttenberg Information Technologies Center 3730. Manzo is a composer and guitarist with research interests in theory and composition, artificial intelligence, interactive music systems, and music learning.
